

**NOTE #2:** The following Gear Housing Assemblies apply to housings with a **1623-822442C2 Casting**. Service replacement of the **ONE (1) piece driveshaft is not being offered**. The following Gear Housing Assemblies are "**GENERIC**". They **DO NOT INCLUDE THE UPPER DRIVESHAFT (REF. #41)** on gear housing breakdown pages. You **MUST ALSO ORDER** the respective driveshaft extension kit listed below. Before ordering, determine the length of the driveshaft and the number of splines on the driveshaft. **NOTE: 13 Tooth Splines began with S/N-0G129222. When stock of these gear housings is no longer available, order the GENERIC Gear Housing listed on the next page at Note #3, along with the respective driveshaft extension kit to fit your application**
